

```
1
2 public class PracticeOne {
3
4     public static void main(String[] args) {
5         // make a scanner (Day two) //(import)
6
7         //ask a question (Favorite food)
8
9         //save the response in a String
10
11         // have an if/ else if/ else that responds to the question
12
13     }
14 }
15
16
```
